

A SALUTE TO THOSE WHO HAVE SERVED

A friend once told me that to understand QLF is to recognize ours is an organization built on “relationships.” Those relationships are what define us and inspire us. Our job going forward is to discover innovative ways to organize and discipline how we tap the source of our strength, the QLF Alumni Network. One of the jobs given to me by QLF President, Beth Alling, is to reach out to friends and Alumni. Knowing so many of you, I am excited to take on this assignment.

As we celebrate the success of the QLF Alumni Congress (Barcelona, November 2016), and the launch of President Beth Alling’s tenure (which began January 2017), QLF wishes to pay tribute to each of you who has served the QLF cause. From our roots along the Gulf of St. Lawrence, QLF now has Alumni not just in the U.S. and Canada, but in 75 countries worldwide.

We hope the enclosed visual walk through QLF’s history will evoke fond memories and rekindle old friendships. Do you ever wonder, “Where are they now?” If you are curious about your former colleagues, let us know and we will help you reconnect.

By the way, as you recognize some of the pictures, send us the “rest of the story.” We will share your comments through the Global Leadership Network Online.

Thank you for the part you have played in keeping QLF in the forefront. We salute you!

Larry Morris
President *Emeritus*
